Dear partners,

we inform you that according to the REACH regulation Fantini Cosmi Spa has requested to its suppliers all the information concerning the respect of the regulation itself and the substances identified as SVHC (Substances of Very High Concern) listed in the annex XIV dated 19<sup>th</sup> August 2014.

Based on the information received from our suppliers until today and our knowledge we state that none of our products contains SVHC substances with a concentration greater than 0,1% expressed in weight.

We will further inform you concerning developments on this issue as soon as we will be informed by our suppliers.
